Get Connected

**People are like sticks of dynamite.
There's power on the inside,
but nothing happens until the fuse gets lit.**

Your hands are the hands of God.

Stretch out your hands. Now just take your hand and reach over and see if you have a pulse. Do you have a pulse?

If you've got a pulse, you've got a purpose!

God is keeping you in this world for a reason. You're not here just to take up space and use up oxygen. No! If you've got a pulse, you've got a purpose.

If you've got a purpose, you've got to get plugged in.

God created you for a purpose. But you've got to get plugged in to that purpose. God gave you talent and ability and personality. But you can't sit on the sidelines. He wants you to join together with other people and make things happen. And the Church is God's system to pull all of that together.

Four Things the Bible Teaches about the Church

1. **We are the** _____
2. **You've got to be** _____
3. **Everyone's** _____
4. **Today's** _____

Sometimes people say, "I'm a believer." Really we ought to say, "I'm a believer." That's what it means to be a part of the Body of Christ.

If you get plugged in, you're going to please God.

God's going to bless you. God is going to bless those you love. The Bible says, "*Great is your reward in heaven!*" (Matthew 5:12) Jesus said, "*I've got a reward with Me and I will reward each person for the work they've done.*" (Revelation 22:11)
